11.4.3 All of the above appurtenances, however, shall be and continue to be subject to any easement for the benefit of other units, and for the benefit of the Owner, its successors, and its assigns in constructing and selling additional villages; the Owner hereby reserving to itself, its successors and assigns the right to the use of the common elements until all of the units in all of the Villages to be erected are sold, and such right shall be a covenant running with the land and creating an equitable servitude.

11.5 Easements for the Benefit of the Unit: The following easements shall exist for each other unit owner and for the Association:

11.5.1 Easement for Air Space: The appurtenances shall include an exclusive easement for the use of air space occupied by the unit as it exists at any particular time and as the unit may be altered or reconstructed from time to time.

11.5.2 Ingress and Egress: Easements through the common elements for ingress and egress shall continue for all unit owners and the Owner, provided, however, that their use of the common elements is in accordance with the terms and conditions of the Condominium Documents.

11.5.3 Structural Support: Every portion of a unit contributing to the support of the building within which the unit is housed shall be burdened with an easement of support for the benefit of all units and common elements and limited common elements contained in the building.

11.5.4 Utilities: Easements over, under and through the units and common elements and limited common elements for conduits, ducts, plumbing, wiring and other facilities for the furnishing of utility services to other units and common elements and limited common elements, provided, however, that such easements through a unit shall be based on the plans for the building wherein the unit is housed, unless otherwise approved in writing by the owner of the unit.

11.5.5 Emergency Easements for Ingress and Egress: Easements shall exist over, through and around other units, courtyards, and other limited common elements whenever an emergency exists and the circumstances dictate.

11.5.6 Easement set forth in Article 5 where applicable.

11.6 Voting Rights: Each unit carries with it the right to membership and one vote at member meetings of the Condominium Association and Property Owner's Association, pursuant to the Articles of Incorporation of those Associations attached hereto. The Owner shall be deemed an owner of each unit which has been issued a certificate of occupancy but to which title has not been transferred to a purchase other than an Owner. The Owner shall be entitled to cast one vote for each such unit.

11.7 Association Membership. The owners of a vested present interest in fee title to any unit of this phase condominium shall automatically become members in the Ocean Gallery Condominium Association and Ocean Gallery Property Owner's Association. Membership shall terminate when they no longer own the interest.

12. ASSESSMENTS.

The Board of Directors of the Condominium Association shall provide annual budgets in advance for each fiscal year and the budgets shall project anticipated income as well as estimated expenses of operating the condominium in sufficient detail to show separate estimates for fire insurance and extended coverage, for vandalism and malicious mischief on the units, the limited common elements and the common elements, and public liability insurance for the common elements, operating expenses, management expenses, maintenance expenses, repairs, water and sewer charges, replacement reserve and reasonable operating reserve for the common elements, annual budget for The Ocean Gallery Property Owner's Association or any other items the Board deems proper or which are required under Florida Law. Failure of the Board to include an item in the annual budget shall not preclude the Board from levying an additional assessment in any calendar year for which the budget has been projected.

The total regular annual assessment for each fiscal year assessed against each unit shall be composed of two parts. Part one of the assessment shall apportion the costs and expenses directly attributable to the maintenance and repair, operation and management of the common elements of The Ocean Gallery Village Las Palmas, including the buildings, pools, grounds, landscaping, and so forth. Part two of the assessment shall consist of the proportionate share of expenses attributable to the The Ocean Gallery Village Las Palmas for the operation, management, maintenance and repair of the property owned or maintained by The Ocean Gallery Property Owner's Association for the benefit of all unit owners within the condominium.

- 12.1 Each unit's apportioned share of Part one of the assessment shall be computed by dividing the total costs and expenses associated with The Ocean Gallery Village Las Palmas' common elements by the total number of completed units in the condominium. Each unit owner's proportionate share of Part two of the assessment shall be calculated by dividing the total costs attributable to Part two by the total number of completed units within the complex.
- 12.2 After adoption of the budgets and determination of the annual assessment per unit, the Condominium Association shall assess the sum by promptly delivering or mailing notice of it to the Owner of the unit or person designated to cast the vote of a unit, as the case may be, at the most recent address shown by the records of the Association. One-twelfth of the annual assessment shall be due and payable in advance to the Association on the first day of each month regardless of whether or not members are sent or actually receive a written notice. The Association shall have power to levy special assessments, if necessary, to cover the aforesaid types of expenses, and shall have the power to levy other special assessments as provided herein. All income that may be received by the Association from the rental or the licensing of any part of the common elements shall be used for the purpose of reducing prospective common expenses prior to establishing the annual budget. If a new annual assessment is not made in any year as required, an assessment in the amount of the last prior annual assessment shall continue in force until changed by an amended assessment. The Association may require an initial and continuing deposit of 2 month's assessment for working capital.
- 12.3 The unit owners shall be liable, jointly and severally, to the Condominium Association and/or the Property Owner's Association for the payment of all assessments, regular or special, made by either or both of the Associations and for all costs of collection of delinquent assessments. If assessments are not paid within 60 days after their due date, an Association may elect to declare all past due installments and all installments to become due during the remainder of the fiscal year due payable in full, and the Association shall have the right to foreclose its lien by judicial process for the assessments. Assessments that are unpaid for over 30 days after due date shall bear interest at the rate of 15% per cent a year until paid.
- 12.4 Each Association (Condominium and Property Owner's) shall have a lien on each condominium parcel for any unpaid assessments and interest thereon levied against the owner of the condominium parcel. The lien shall be effective from the time of recording a claim of lien in the Public Records of St. Johns County stating the description of the condominium parcel, the name of the record owner, and the amount due and the date when due, and the lien shall continue in effect until all sums secured by it are fully paid. All claims of lien shall be signed by an officer or agent of the Association. When any lien has been paid in full, the party making payment shall be entitled to receive satisfaction of lien in a form that may be recorded in the public records of the county. All liens herein provided for shall be subordinate to the lien of a mortgage or other lien recorded before the time of recording the claim of lien. Either Association may take such action as it deems necessary to collect assessments by personal action or by foreclosing the lien and may settle and compromise them if the Association deems it to be in the best interests of the Association. The delinquent owner shall pay all costs, including reasonable attorneys' fees for enforcing a lien, and the lien shall secure the costs and fees. The Associations shall be entitled to bid at any sale held pursuant

to any action to foreclose an assessment lien and to apply as credit against the bid all sums due the Association that are covered by the lien.

- 12.5 The lien for an assessment shall be subordinate to any recorded institutional first mortgage, regardless of when the assessment lien claim was recorded, but not to any other mortgage. For the purposes of this instrument, an "institutional first mortgage" is defined as a first mortgage originally executed and delivered to a bank, savings and loan association, real estate investment trust or insurance company authorized to transact business in Florida. Upon the recordation of the Certificate of Title issued pursuant to the foreclosure of an institutional first mortgage, or the recordation of a deed obtained in lieu of a foreclosure action, any claim and any lien for assessments due and payable before recordation shall be deemed cancelled, but the lien for assessments due and payable accruing after the recordation of the Certificate of Title or the deed in lieu of foreclosure shall not be impaired and shall be effective as to the grantee under the Certificate of Title or deed.
- 12.6 Any person who acquires an interest in a unit, except through foreclosure or by voluntary deed in lieu of foreclosure of an institutional first mortgage, shall be liable with the grantor for all unpaid assessments up to the time of the transfer of ownership.
- 12.7 A person purchasing or encumbering a unit shall have the right to rely upon any statement made in writing by a corporate officer regarding assessments against the units that have been made and that are due and payable to an Association, and the Association and the members shall be bound thereby.
- 12.8 At any time the Association may require unit owners to maintain a minimum balance on deposit with the Association to cover future assessments. The deposit shall be assigned on the fractional basis hereinabove provided, and shall not exceed three months assessment.
- 12.9 As used in this Section 12, the term "Association" and its plural forms shall be deemed to include both the Ocean Gallery Village Las Palmas Condominium Association and the Ocean Gallery Property Owner's Association unless specifically referred to as one or the other.

13. SALE, RENTAL, LEASE OR TRANSFER.

- 13.1 A unit owner may not sell or transfer his interest in a unit to any person without the approval of the Board of Directors of The Ocean Gallery Village Las Palmas Condominium Association or as otherwise provided herein. Before the sale or transfer of his interest in a unit to any person, the unit owner shall notify the secretary of the Association or the resident manager of the proposed sale and provide the identity of the prospective purchaser, at least 30 days prior to the anticipated closing on the sale. The terms "sale" and "transfer" as used in this article shall be limited to bona fide sales for valuable consideration. The term "unit owner" as used in this article shall also include a unit owner's legal representative.
- 13.2 Within the 30 day time period referred to in Paragraph 13.1, the Association through its secretary, resident manager, or Board of Directors, shall notify the unit owner of the approval or disapproval of the sale to the prospective purchaser and in the case of a disapproval, the reasons for not allowing the proposed transfer. If the Association fails to respond in writing to the unit owner that it either approves or disap-

proves of the proposed sale, the unit owner may proceed to transfer the property and shall be deemed to have complied with the provisions of Section 13.

- 13.3 If a unit owner proceeds with the sale of his unit without having first received the approval from the Association or without having complied with the provisions of this section, the sale shall be voidable by the Association through a vote of its Board of Directors for a period of 30 days subsequent to the closing of the sale by the unit owner.
- 13.4 A certificate of the secretary of the Association or the resident manager, in recordable form, stating that the transfer or sale of the unit to certain persons was approved shall be conclusive evidence of that fact and from the date of approval stated in the certificate the ability of the Association to void the transfer shall terminate.
- 13.5 A certificate of the Secretary of the Association or the resident manager, in recordable form, stating that the Board of Directors was given proper notice on a certain date of a proposed transfer shall be conclusive evidence of the facts for the purpose of determining the status of the person to whom title to the unit was transferred.
- 13.6 Notwithstanding anything to the contrary herein, this section shall not affect the rights of an institutional first mortgagee with a recorded mortgage on any unit. Moreover, the redemption rights set forth herein shall remain subordinate to any recorded institutional first mortgage.
- 13.7 Notwithstanding anything to the contrary herein, the provisions of Article 13 shall not be applicable to purchases at judicial sales, transfers to or from institutional first mortgagees, transfers to or from the Owner, or its successors, subsidiaries, and assigns, or in any event if the Association has been dissolved.
- 13.8 Transfers by a unit owner to his spouse by deed or operation of law, shall not be controlled by the provisions of Article 13, and may be freely made.
- 13.9 Article III 2.9 of the Articles of Incorporation and Paragraph 4.6 of the Bylaws of The Ocean Gallery Village Las Palmas Condominium Association, Inc., shall not apply to units owned by Owner/Developer or Successor Owner/Developers.

14. ENFORCEMENT OF MAINTENANCE REQUIREMENTS.

- 14.1 If the owner or owners of a unit fail to maintain it as required herein or make any structural addition or alteration to a unit or limited common elements without the required written consent, either the Association or an unit owner shall have the right to force compliance with these provisions by legal action. The Association shall have the right to levy a special assessment at any time against the unit owner or owners and the unit itself for the necessary sums to put the improvements within the unit in good condition and repair or to remove any unauthorized structural addition or alteration. After making the assessment, the Association may have its employees and agents enter the unit at any time to do such work as deemed necessary by the Board of Directors of the Association to enforce compliance with the provisions hereof.
- 14.2 The Association may enter into a contract with any firm, person or corporation for the maintenance and repair of the condominium property. The Association shall determine the exterior color scheme of all buildings with the approval of the Ocean Gallery Property Owner's Association and shall be responsible for the maintenance thereof, and no owner shall

paint an exterior wall, soffit, gable, door, window, patio, enclosure, or any exterior surface, at any time, without the written consent of the Association.

14.3 If the Association fails to maintain the condominium property in accordance with its obligations hereunder, any owner of a unit, any member of The Ocean Gallery Property Owner's Association, or institutional first mortgagee, shall have the right to seek specific performance to compel the Association to do so, or if emergency repairs are needed to utilities, walls, etc., a unit owner may give the Association 48 hours' notice to make the repairs and if it is not done, the unit owner may make the repairs necessary to alleviate the emergency condition and the Association shall be obligated to reimburse the owner for the reasonable value of the repairs which were necessary to alleviate the emergency/dangerous condition and for which the Association has responsibility. Repairs shall be deemed emergency repairs only in situations where it poses a danger to the health and safety of residents or unit owners within the condominium, or clearly eminent danger of damage to the interior or contents of a unit or units, or, any other structure or facility of the condominium. The condominium Association shall make the determination as to whether or not repairs undertaken by unit owner were "emergency repairs", and to fix the amount of reimbursement, if any, due the unit owner.

14.4 If the Association fails to maintain the condominium property in accordance with the standards of The Ocean Gallery Property Owner's Association, The Property Owner's Association, the Architectural Review Committee or both shall have the right to take whatever steps and make whatever repairs are necessary to the condominium property to bring it into compliance with the standards. The Ocean Gallery Village Las Palmas Condominium Association shall be obligated to reimburse the Property Owner's Association for the cost of the work and/or repairs that were necessary.

15. INSURANCE PROVISIONS.

15.1 The following insurance coverage shall be maintained in full force and effect by the Association to cover this phase and all of the other phases that may be erected in this condominium covering the units, common elements and limited common elements:

15.1.1 Casualty insurance covering all of the units, common elements and limited common elements in an amount equal to the maximum insurance replacement value thereof, exclusive of excavation and foundation costs, as determined annually by the Association, such coverage to afford protection against the following matters:

15.1.1.1 Loss or damage by fire or other hazards covered by standard extended coverage and other perils covered by standard extended coverage including windstorm endorsement, and,

15.1.1.2 Such other risks of a smaller or dissimilar nature as are or shall be customarily covered with respect to buildings similar

in construction, location and use to the condominium, including vandalism, malicious mischief and such other insurance coverages as, and to the extent available, may from time to time be deemed by the Board of Directors of the Association to be necessary and proper and in the best interests of the Association and the unit owners therein.

- 15.1.2 Public liability and property damage insurance in such amounts and in such form as shall be required by the Association and the owners of all units, including such insurance coverages as, to the extent available, may from time to time be deemed by the Board of Directors of the Association to be necessary and proper and in the best interests of the Association and the unit owners therein; and Workmen's Compensation insurance as required by law.
- 15.1.3 Such other insurance coverage, other than title insurance, as the Board of Directors of the Association in its sole discretion, may determine from time to time to be in the best interests of the Association and the owners of all of the units.
- 15.2 All liability insurance maintained by the Association shall contain cross-liability endorsements to cover liability of all owners of units as a group to each unit owner. All insurance coverage authorized to be purchased shall be purchased by the Association for itself and for the benefit of all of the owners of all units in the condominium as they shall exist from time to time. The cost of obtaining the insurance coverage authorized above is declared to be common expense, as are any other fees and expenses incurred which may be necessary or incidental to carry out the provisions hereof. All policies of casualty insurance covering the condominium shall provide that the insurance proceeds covering any loss be payable to the Insurance Trustee, named as hereinafter provided, or to its successors, and the insurance proceeds from any casualty loss shall be held for the use and benefit of the Association and all of the owners of all units, and their respective mortgagees, as their interest may appear, and such insurance proceeds shall be applied or distributed in the manner herein provided. The Association is hereby declared to be and appointed as the Authorized Agent for all of the owners of all units for the purpose of negotiating and agreeing to a settlement as to the value and extent of any loss which may be covered under any policy of insurance, and is granted full right and authority to execute in favor of any insurer a release of liability arising out of any occurrence covered by any policy or policies of insurance and resulting in loss of or damage to insured property. The company or companies with which casualty insurance may be placed shall be selected by the Association, and all parties beneficially interested in such insurance coverage shall be bound by such selection of insurance company or companies made by the Association.
- 15.3 The Association shall have the right to designate the Insurance Trustee, and all parties beneficially interested in such insurance shall be bound thereby. The Insurance Trustee shall be a banking institution doing business in the State of Florida. The Insurance Trustee shall not be liable for the payment of premiums nor for the renewal of any policy or policies of casualty insurance, nor for the sufficiency of coverage, nor for the form or content of the policies, nor for the failure to collect any insurance proceeds. The sole duty

of the Insurance Trustee shall be to receive such proceeds of casualty insurance as are paid and to hold same for the purpose herein stated, and for the benefit of the Association and the owners of all units, and their respective mortgagees, such insurance proceeds to be disbursed and paid by the Trustee as hereinafter provided. The Association, as a common expense, shall pay a reasonable fee to said Trustee for its services rendered hereunder, and shall pay such costs and expenses as said Trustee may incur in the performance of any duties and obligations imposed upon it hereunder. Said Trustee shall be liable only for its willful misconduct, bad faith or gross negligence, and then for only such money which comes into the possession of said Trustee. Whenever the Trustee may be required to make distribution of insurance proceeds to unit owners and their mortgagees, as their respective interests may appear, the Trustee may rely upon a Certificate of the President and Secretary of the Association, executed under oath, which Certificate will be provided to said Trustee upon request of said Trustee made to the Association, such Certificate to certify unto said Trustee the name or names of the owners of each unit, the name or names of the mortgagee or mortgagees who may hold a mortgage or mortgages encumbering each unit or units, and his or their respective mortgagee or mortgagees, as their respective interest may appear. Where any insurance proceeds are paid to the Trustee for any casualty loss, the holder or holders of any mortgage or mortgages encumbering a unit shall not have the right to determine or participate in the determination of repair or replacement of any loss or damage, and shall not have the right to elect to apply insurance proceeds to the reduction of any mortgage or mortgages, unless such insurance proceeds represent a distribution to the owner or owners of any unit or units, and their respective mortgagees, after such insurance proceeds have been first applied to repair, replacement or reconstruction of any loss or damage, or unless such casualty or insurance proceeds are authorized to be distributed to the owner or owners of any unit or units and their respective mortgagee or mortgagees by reason of loss of or damage to personal property constituting a part of common elements and as to which a determination is made not to repair, replace or restore such personal property.

- 15.4 In the event of loss or damage only to common elements, real or personal and/or limited common elements, which loss or damage is covered by casualty insurance, the proceeds paid to the Trustee to cover such loss or damage shall be applied to the repair, replacement or reconstruction of such loss or damage. If the insurance proceeds are in excess of the cost of the repair, replacement or reconstruction of such common elements and/or limited common elements, then such excess insurance proceeds shall be paid by the Trustee to the owners of all of the units and their respective mortgagees, irrespective of whether there may be exclusive right to use an area constituting a limited common element appurtenant to any of such units, the distribution to be separately made to owner each unit and his respective mortgagee or mortgagees as their interests may appear, by using the same fractional basis outlined in Article 12, which would make each distribution of insurance proceeds bear the same ratio to the total distribution of insurance proceeds as each regular assessment bears to the total regular assessment. If it appears that the insurance proceeds covering the casualty loss or damage payable to the Trustee are not sufficient to pay for repairs, replacement or reconstruction of the loss or damage, or that the insurance proceeds when collected will not be sufficient, then the Association shall deposit with the Trustee a sum which, together with the insurance proceeds received or to be received, will enable said Trustee to completely pay for the repair, replacement or reconstruction of any loss or damage as the case may

be. The monies to be deposited by the Association with the Trustee, in said latter event may be paid by the Association out of its Reserve for Replacement Fund, and if the amount in such Reserve for Replacement Fund is not sufficient, the Association shall levy and collect an assessment against the all unit owners in an amount which shall provide the funds required to pay for said repair, replacement or reconstruction without regard to the existence of any exclusive right to use any area constituting limited common elements, which may be an appurtenance to said units.

- 15.5 In the event of loss or damage to common elements, limited common elements, and any unit or units, which loss or damage is covered by the casualty insurance, the proceeds paid to the Trustee to cover such loss or damage shall be first applied to the repair, replacement or reconstruction, as the case may be, of common elements, real or personal, and limited common elements, and any remaining insurance proceeds shall be applied to the repair, replacement or reconstruction of any unit or units which may have sustained any loss or damage so covered. If the insurance proceeds are in excess of the cost of the repair, replacement or reconstruction of the common elements and limited common elements and the unit or units sustaining any loss or damage, then such excess insurance proceeds shall be paid and distributed by the Trustee to the owners of all units and to their mortgagee or mortgagees, as their respective interest may appear, such distribution to be made in the manner and in the proportions as are provided hereinbefore. If it appears that the insurance proceeds covering the casualty loss or damage payable to the Trustee are not sufficient to pay for the repair, replacement or reconstruction of the loss or damage, or that the insurance proceeds when collected will not be so sufficient, then the Board of Directors of the Association shall, based upon reliable and detailed estimates obtained by it from competent and qualified parties determine and allocate the cost of repair, replacement or reconstruction between the common elements and limited common elements and the unit or units sustaining any loss or damage. If the proceeds of said casualty insurance are sufficient to pay for the repair, replacement or reconstruction of any loss or damage to common elements and limited common elements, but should the same not be sufficient to repair, replace or reconstruct any loss of or damage to any unit or units, then the Association shall levy and collect an assessment from the owner or owners of the unit or units sustaining any loss or damage, and the assessment so collected from the said owner or owners shall be deposited with said Trustee so that the sum on deposit with said Trustee shall be sufficient to completely pay for the repair, replacement or reconstruction of all common elements, limited common elements and unit or units. In said latter event, the assessment to be levied and collected from the owner or owners of each unit or units sustaining loss or damage shall be apportioned between such owner or owners in such manner that the assessment levied against each owner of a unit and his unit shall bear the same proportion to the total assessment levied against all of said owners of units sustaining loss or damage as does the cost of repair, replacement or reconstruction of each owner's unit bear to the cost applicable to all of said units sustaining loss or damage. If the casualty insurance proceeds payable to the Trustee in the event of the loss or damage to common elements, limited common elements and unit or units, is not an amount which will pay for the complete repair, replacement or reconstruction of the common elements and limited common elements, it being recognized that such insurance proceeds are to be first applied to payment for repair, replacement or reconstruction of said common elements and limited common elements before being applied to the repair, replacement or reconstruction of a unit or units, then the cost to repair,

replace or reconstruct said common elements and limited common elements in excess of available casualty insurance proceeds shall be levied and collected as an assessment from all of the owners of all units in the same manner as would such assessment be levied and collected had the loss or damage sustained been solely to common elements and limited common elements, and the casualty insurance proceeds had not been sufficient to repair, replace or reconstruct such common elements and limited common elements; and the cost to repair, replace or reconstruct said unit or units sustaining loss of damage shall then be levied and collected by assessment of the owner or owners of a unit or of units sustaining the loss or damage in the same manner as is above provided for the apportionment of such assessment between the owner or owners of a unit or units sustaining such loss or damage. In said latter event, assessment of the owner or owners of unit or units shall be made without regard to existence of any exclusive right to use an area constituting limited common elements which may be an appurtenance to any unit.

15.6 In the event of loss of or damage to property covered by such casualty insurance, the Association shall, within 60 days after any such occurrence obtain reliable and detailed estimates of the cost to place the damaged property in condition as good as that before such loss or damage, such estimates to contain and include the cost of any professional fees and premiums for such bond as the Board Association of Directors may deem to be in the best interests of the membership. Wherever it shall appear that that insurance proceeds payable for such loss or damage will not be sufficient to defray the cost of the repair, replacement or reconstruction thereof, the additional monies required to completely pay for such repair, replacement or reconstruction of loss or damage, whether to be paid by all of the owners of the units or only by the owner or owners of any unit or units sustaining loss or damage, or both, shall be deposited with said Trustee not later than 30 days from the date on which said Trustee shall receive the monies payable under the policy or policies of casualty insurance.

15.7 In the event of loss or damage to personal property belonging to the Association, the insurance proceeds, when received by the Trustee, shall be paid to the Association. In the event of the loss or damage to personal property constituting a portion of the common elements, and should the Board of Directors determine not to replace such personal property as may be lost or damaged, then the insurance proceeds received by the Trustee shall be paid to all of the owners of all units and their respective mortgagee and mortgagees as their respective interests may appear, in the manner and in the proportions provided for the distribution of the excess insurance proceeds.

15.8 Notwithstanding anything herein contained, should any claim, or the proceeds of any settlement of an insurance claim, be less than \$10,000.00, then such sum need not be deposited with the Trustee, but rather shall be paid directly to the Association to be distributed in accordance with the terms of this Article.

15.9 Notwithstanding anything herein contained, every unit owner in The Ocean Gallery Village Las Palmas shall carry personal property and liability insurance for his contents and interior activities in the unit in the form of a condominium owner's policy.

16. TERMINATION.

The phase Condominium shall be terminated, if at all, in the following manner:

- 16.1 The Termination of the phase condominium may be effected by the agreement of unit owners who in the aggregate own not less than 95% of the units in existence in the condominium, which agreement shall be evidenced by an instrument or instruments executed in the manner required for conveyances of land, providing that all the holders of institutional mortgages on all the units in the condominium must also consent thereto by joining the instrument or instruments. The termination shall become effective when such agreement has been recorded in the Public Records of St. Johns County, Florida.
- 16.2 If it is determined in the manner elsewhere provided that the property shall not be reconstructed after casualty, this Condominium Plan of Ownership will be terminated and all Declarations revoked. The determination not to reconstruct after casualty shall be evidenced by a Certificate of the Association certifying as to the facts effecting the termination, which Certificate shall become effective upon being recorded in the Public Records of St. Johns County, Florida.
- 16.3 After termination of the condominium, the unit owners shall own the property formerly in the condominium village(s) as tenants in common in undivided shares and the holders of mortgages and liens against the units formerly owned by such unit owners shall have mortgages and liens upon the respective undivided shares of the unit owners. Such undivided shares of the unit owners shall be as set forth in Article 21, subject to the conditions of Paragraph 16.6. The costs incurred by the Association in connection with a termination shall be a Common Expense.
- 16.4 Following termination, the property may be partitioned and sold upon the application of any unit owner. If the Board of Directors, following a termination, by not less than a three-fourths vote, determines to accept an offer for sale of the property as a whole, each unit owner shall be bound to execute such deeds and other documents reasonably required to effect such sale at such times and in such forms as the Board of Directors directs. In such event, any action for partition or other division of the property shall be held in abeyance pending such sale, and upon the consummation thereof shall be discontinued by all parties thereto.
- 16.5 The members of the Board of Directors acting collectively as agent for all unit owners, shall continue to have such powers as in this Article are granted, notwithstanding the fact that the Association itself may be dissolved upon a termination.
- 16.6 Each unit owner, for himself and his successors in interest, covenants and agrees with each other unit owner, that upon sale of amenities such as walkways, greenbelts, swimming pools, and other common element recreation areas if any after termination of the condominium, the proceeds therefrom shall be calculated and shall be disbursed by the Association to each unit owner in proportionate shares as set forth by the fractional basis of Paragraph 12. The intent of this paragraph is to allow fair treatment to each unit owner and between unit owners with respect to those amenities so that each unit owner shall share proportionately with each other unit owner, not only in the expenses of those amenities, but also in the proceeds of the sale of those amenities, whether the amenities are located in this phase or in subsequent phases.

17. AMENDMENT.

This section shall not apply to amendments by the Ocean Gallery set forth in Section 7.6 hereof and as provided for in the Florida Condominium Act.

Except for any alteration in the percentage of ownership in the common elements appurtenant to each unit or alteration of the basis for apportionment of Common Expense assessments for the Condominium as a whole, (which may be levied by the Association in accordance with the provisions hereof), in which said instances consent of all the owners of all units and their respective mortgagees in the phase condominium shall be required, or, alteration of the basis for apportionment of expenses attributable to The Ocean Gallery Village Las Palmas Condominium Association, in which instance consent of all the unit owners and their respective mortgagees in this condominium shall be required, this Declaration may be amended in the following manner:

- 17.2 The Secretary shall give each member written notice of such Special Meeting indicating the time and place thereof and the proposed amendment or amendments, which proposed amendment or amendments shall be in a form sufficient to apprise the members of the subject matter thereof, and personally deliver or mail the notice not less than 5 days nor more than 15 days before the date set for such Special Meeting. If mailed, such notice shall be deemed to be properly given when deposited in the United States Mail, postage pre-paid, and addressed to the member at his post office address as it appears on the records of the Association.

The amendment or amendments shall specifically refer to the recording data identifying the book and page where the Declaration is recorded. Thereafter, a copy thereof, in the form in which the same was placed of record, shall be delivered to each of the members of the association but delivery of a copy thereof shall not be a condition precedent to the effectiveness of such amendment or amendments. At any meeting held to consider such amendment or amendments, the written vote of any member of the Association shall be recognized if such member is not in attendance at such meeting or represented by proxy, provided such written vote is delivered to the Secretary of the Association at or prior to such meeting. given in writing to the Association. No amendment to this Declaration shall be effective that is in conflict with any rule or regulation of any federal agency financing, guaranteeing or insuring mortgages, upon units in this phase condominium without the governmental agencies' prior written approval, obtained in recordable form.

18. INTERPRETATION.

When the context requires, the use of any gender shall be deemed to include all gender and the use of any number shall include the singular and plural. The provisions of this Declaration shall be liberally construed to effectuate its purpose of creating a uniform plan of condominium ownership. If any of the provisions of this Declaration, or any section, sentence, clause, phrase or word, or the application thereof in any circumstances be judicially held in conflict with the laws of the State of Florida, then, the said laws shall be deemed controlling and the validity of the remainder of this Declaration and the application of any such provisions, section, sentence, clause, phrase or word in other circumstances shall not be deemed affected thereby.

19. REMEDIES FOR VIOLATIONS.

For violation or breach of any provisions of this Declaration, the Bylaws or the Rules and Regulations adopted pursuant thereto, the Association, the unit owners, an institutional first mortgagee, or any of them, jointly or severally, may sue for damages or to compel compliance with the terms violated or to prevent the violation of any of the provisions, or for such other relief as may be appropriate. The failure to enforce promptly any of the provisions of this Declaration shall not bar their subsequent enforcement.

20. SPECIAL ASSESSMENT.

20.1 In the event that any taxing authority having jurisdiction over the Condominium shall levy or assess any tax or special assessment against the condominium property as a whole as opposed to levying and assessing such tax or special assessment against each unit and its appurtenant undivided interest in the common elements (as now provided by law), then such tax or special assessment so levied shall be paid as a common expense by the Association, and any taxes or special assessments which are to be so levied shall be included, wherever possible, in the estimated annual budget of the Association, or shall be separately levied and collected as an assessment by the Association against all of the owners of all units in existence in the Condominium if not included in said annual budget. The amount of any tax or special assessment paid or to be paid by the Association in the event that such tax or special assessment is levied against the Condominium as a whole, instead of as against each separate unit and its appurtenant undivided interest in common elements, shall be apportioned among the owners of all units in existence in the Complex by using the same fractional basis outlined in Article 12, the assessment as described therein.

20.2 In the event that any tax or special assessment shall be levied against the condominium without apportionment by the taxing authority to the units and appurtenant undivided interest in common elements, then the assessment by the Association, (which shall include the proportionate share of such tax or special assessment attributable to each unit), shall separately specify and identify the amount of such assessment attributable to such tax or special assessment and the amount of such tax or special assessment so designated shall be and constitute a lien prior to all mortgages and encumbrances upon any unit and its appurtenant undivided interest in common elements, regardless of the date of the

attachment and/or recording of such mortgages or encumbrance to the same extent as though such tax or special assessment had been separately levied by the taxing authority upon each unit and its appurtenant undivided interest in common elements.

20.3 All personal property taxes levied or assessed against personal property owned by the Association shall be paid by said Association and shall be included as a common expense in the annual budget of the Association.

20.4 In apportionment of any tax or special assessment in accordance with the provisions of this article, such apportionment shall be made without regard to the existence of any exclusive right to use an area constituting a limited common element which may be an appurtenance to any unit.

21. PERCENTAGE OF OWNERSHIP OF COMMON ELEMENTS.

Phase I of The Ocean Gallery Village Las Palmas consists of 33 units. Each unit owner shall own a proportional undivided interest in the common elements based upon the total number of units in the condominium, which shall be not less than 33 nor more than 75.

22. INGRESS - EGRESS AND UTILITY ACCESS.

Access to units within the project will be provided by paved roadway from State Road A1A. The roadway will be constructed upon property which is encompassed in the parcel of land described in Exhibit D.

The Owner, by execution of these documents, grants a perpetual ingress-egress and utility easement over the land described in Exhibit A, for the benefit of units constructed by Owner within the complex.

This easement is for the purpose of providing ingress-egress and utility access to the complex.

This Declaration of Condominium was executed by the duly authorized officer of Calmark Communities, Inc., the managing partner of SUN-MARK II Associates on this 3RD day of AUGUST, 1982.
