

Bank Shot Disbursements

We are pleased to announce that we will now be making Agent commission payments via Bank Shot Disbursements in the form of an E Check.

This process is safe, fast, and secure.

No more lost checks in the mail while you are waiting for your commission check to arrive.

The office will contact you to ask for your e-mail address. Insure you have all blockers off so the check is able to reach your inbox. Insure you have safety features in place on your e mail so your e check is not picked out of your account fraudulently.

It is critical you are using Bank Shot to send us payments.

Check washing is real and the use of an e check is the best way to insure our agents are receiving secure payments
